PROFESSIONAL
EXPERIENCE

Frontend Developer | 2024 – Current

SDILab • React, React-Native, TypeScript, TailwindCSS

Developed a Next.js + Tailwind CSS storefront builder enabling merchants to create and manage fully synchronized online stores, products, and orders.

Implemented TanStack Query caching with safe, targeted cache updates, cutting perceived latency on critical views and reducing re-fetches.

Built customizable Kendo React data grid with filtering, grouping, column management, and persistent default and user saved configurations.

Built reusable UI components with MUI and implemented comprehensive unit tests using Vitest and React Testing Library

Software Developer | 2022 – 2024

Codevision • .NET, JavaScript, SQL

Developed features for education platform covering digital classrooms, absence management, parent-teacher communication, and homework submission systems

Refactored a legacy jQuery codebase, eliminating 100+ lines of boilerplate per module by centralizing AJAX requests in ES6+ JavaScript classes.

Automated data lifecycle management with scheduled C# + MongoDB jobs, ensuring obsolete files were removed consistently and freeing storage

Junior Systems Engineer | 2021 – 2022

Minsait • C#, SharePoint

Developed HR application modules for Caixa Geral de Depósitos using SharePoint and C#

Used SoapUI for API testing and endpoint analysis to understand system data structures and integrations

Graphic Designer | 2017 – 2020 SIGNA Design • Marketing, UI/UX, Design Gráfico

Freelancer | 2013 – 2017 Paleta de Letras, Torrestir, Typing, Cápsula • Motion

Digital Designer | JUL 2012 | Rabat, Malta Carlo&Stefania Design Studio • Video, Motion

TECHNICAL
SKILLS
